Time To Think About A Flu Shot

Flu season is quickly approaching. Morrow County Health Department will be receiving their first shipment of Influenza vaccine soon. Once the shipment arrives, the Ione Community Clinic will offer flu shots every Wednesday from 8:00 a.m.–1:00 p.m. No appointment needed.

Dates have not been set yet, but there will be a flu shot clinic in the evening at the Ione Fire Hall and also in the school.

Everyone 6 months and older are recommended to get the flu shot. The health department will not be offering the flu mist “nasal spray” the year as recommended by the CDC.

(CDC’s Advisory Committee on Immunization Practices (ACIP) voted that live attenuated influenza vaccine (LAIV), also known as the “nasal spray” flu vaccine, should not be used during the 2016-2017 flu season. ACIP continues to recommend annual flu vaccination, with either the inactivated influenza vaccine (IIV) or recombinant influenza vaccine (RIV), for everyone 6 months and older. ACIP is a panel of immunization experts that advises the Centers for Disease Control and Prevention (CDC). This ACIP vote is based on data showing poor or relatively lower effectiveness of LAIV from 2013 through 2016.)

Call to set up an appointment at the Ione Community Clinic (541) 422-7128.
